Hello, everybody! This is my week and what I do every day. On weekdays I have school in the morning. We also have lessons on Tuesday and Thursday in the afternoon. On Monday afternoon I go to the school drama club. There are twenty pupils in the club. On Wednesday afternoon I go to music school. Do you remember which musical instrument I can play? On Friday afternoon I sometimes go swimming with my friend Jane and sometimes I go to the cinema with Tom. At weekends I do different things: read a book, write letters to my penfriends, play computer games or visit my friends.
